Teachers' College Press. Paperback / softback. Book Condition: new. BRAND NEW, Inquiry in the Sciences, Barry J Fox, Ann Cook, These field-tested resources from Consortium Schools in NYC-small schools with a big presence among educators nationwide-have been widely used in professional development sessions with both new and experienced teachers. This engaging approach focuses on making teaching and learning more inquiry-based and student-centered, while also developing the students' skills in reading, critical analysis, writing, speaking, and listening that are necessary for achievement. This booklet provides an overview of inquiry-based science projects covering data collection, research design, and experiments in physics, chemistry, and horticulture. It features a detailed case study of an inquiry-based semester-long course in animal behavior, including classroom activities.
