

## Sons of Monkeys: A New Study of the Human Animal by a Down on His Luck Chinaman with a Zoology Degree (Paperback)

Filesize: 7.61 MB

### ***Reviews***

*This book is definitely not effortless to start on looking at but really exciting to see. It really is simplistic but surprises from the 50 % from the pdf. I am just effortlessly can get a delight of looking at a published book.*

*(Thurman Schamberger)*

Evol Education TM, United States, 2013. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Sons of Monkeys explores the controversial paradigm of multiple human species interacting in the past, present, and future. For the first time, it gives human history a working ecological model to explain the existence of such phenomena as war, genocide, and chronic poverty. This is NOT a revisit of Multiregional Hypothesis or anything polygenic from a racist past. This is a brand new synthesis that treats humans, all humans, including Jesus, like any other animal on the planet through a pluralistic evolutionary framework, which means reconciling the effects of entropy on culture and genetics under a biological whole. In some ways, this is a modern update on Charles Darwin s Descent of Man and Desmond Morris The Naked Ape. In another sense, however, this is Biology s swan song before it fades even further from public consciousness, one last final whole organism treatment of the animal we care most about: ourselves.
