Excerpt from Answers to Inquiries About the U. S. Bureau of Education: Its Work and History; Prepared, Under the Direction of the Commissioner The particular points to which attention is invited in connection with the present attitude of the Federal Government towards public knowledge of its own affairs are: that the present is a logical and consistent development from the past that, either now or heretofore, what the Government has done has never injured or hampered the powers and privileges of the States, their governments, or of any citizen; and that the information collected, published, and distributed by the nation has added incalculably to the growth, homogeneity, prosperity, and resources of its several constituent States as well as to the general and individual well-being of the people. Publicity is the characteristic of the American Republic's proceedings. The deliberations of Congress (excepting those of the executive sessions and a few of the earliest legislative sessions of the Senate) have always been open to the public; early provision was made for the publication of an official journal of...
