Esstee Media, Australia, 2014. Paperback. Book Condition: New. 231 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.The lifeblood of every developed nation is entrepreneurs, people who set out to build their own destiny and achieve fame and fortune. Yet 30 of all new businesses in Australia fail before their first year is finished; in the US 44 of enterprises have closed their doors by the 3rd year. Why do some entrepreneurs succeed while others struggle to realise their dream? Phillip Di Bella began Di Bella Coffee in 2002 with \$5000 in his pocket. Within 4 years the company had made BRW s Top 100 Fastest Growing list, with Phillip named among the top 100 young rich. Phillip has turned his knowledge of coffee into a multi-million dollar business, yet his ambitions and dreams were no different than the thousands who dream of an empire and embark on their own journey every year to achieve success. This book is about the formula that drove his success; the same formula that drives the success of every great entrepreneur. The formula is simply called entrepreneurial intelligence. It is required reading for any entrepreneur who wants to survive the cut, and prosper.
