*This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.*

I found Evernow, a realm between time and no time where only those who die with a pure heart can go. I was invited. There I discovered my true heritage, the power in a silver necklace, why there is no magic in our world and how evil can come to even the perfect places, but still be defeated with the help of a child. Let me tell you of my adventure during the summer when I was ten and you, too, might become a believer in magic once again. Madison s memory reveals a fantastic world she entered to rescue her Grampy and return a necklace to the rightful owner. But ill intent found this sanctuary created for all magical creatures.
