Brand New Book ***** Print on Demand *****.The U.S. spends trillions of dollars on health care each year yet we are some of the sickest people on earth. In 2011, the WHO ranked the U.S. health care system 47th in overall performance. We have 15.7 million people with diabetes. High blood pressure attacks 1 in 4. Nearly 40 million Americans have arthritis. 8.4 million Americans have a history of cancer. Some 20 million have asthma. We have enacted the AMA and FDA s remedy for health for generations and it has not proven to be successful. The green movement that is now permeating our consciousness is propelling us to a life without toxic chemicals and drugs. The shape of medicine is coming full circle; from the shaman of ancient times, to the dawn of science s cutting edge technology, and now back to a natural base. Health comes from fresh air, clean water, whole food, and a nervous system that can coordinate and regulate all body functions. Nature is the master of life, not the laboratory.
