Weather is our constant companion, and when it behaves like a benevolent parent we pay little attention to it. Angry or out of control it becomes terrifying and can change the landscape as well as lives. Uncharted Storms is a collection of six short tales that will take readers on a journey from a gentle summer rain to raging storms in the cosmos. What if? Erica's world didn't come to an end in 2012 while she was in middle school? She manages to make it through college before an apocalyptic event changes her life forever. The science fiction story Terra Beyond 2012 shares Erica's voyage. What if? You and your best friend were traveling down the highway on the way home from an extended trip when you are caught in a blinding thunderstorm, and then are hit by lightning? To make matters worse you are injured, and wake in a strange world. Find out what happens to Chris in the tale Riding Lightning.
