### ***Reviews***

*This is actually the finest ebook i have got study till now. I actually have go through and that i am sure that i am going to likely to read once again once again later on. Its been developed in an extremely straightforward way and is particularly simply soon after i finished reading through this ebook through which actually modified me, change the way i really believe.*

Chronicle Books. Board book. Book Condition: new. BRAND NEW, Touchthinklearn, Xavier Deneux, Introducing TouchThinkLearn books, the new format which redefines the very young concept book market. They're an ingeniously simple and tactile way of communicating core concepts, allowing the youngest readers to actively explore knowledge in a hands-on, multi-dimensional way. Just seeing the cover, with its powerful combination of die-cuts and raised, shaped elements, readers will know they're in for a very special treat: a book to be experienced on many levels, and conveying 3D visual excitement without the fragility associated with such novelty formats as pop-ups or lift-the-flaps. And best of all, these titles celebrate the very physicality of the book and the experience of actually holding the book and tracing its shapes with a finger. Colours offers a dazzling showcase of the TouchThinkLearn format: simple raised die-cut shapes on a left-hand page mirrored in the scooped-out forms of the right: the clean beauty of a green leaf's surface paired with the hungry caterpillar that munches on its inside edge; the polished outside of a ripe-red apple matched with the creamy colour of the apple's inside punctuated by two tiny black seeds. Simultaneously bold and exquisite, Colours brings a new dimension to earliest learning.
