Family Planning among University Students in Finland

VDM Verlag Okt 2009, 2009. Taschenbuch. Book Condition: Neu. 220x150x6 mm. This item is printed on demand - Print on Demand Neuware - Postponing childbirth has become increasingly common in Western countries, especially among groups with higher education. Family planning issues are important to university-aged students. Education is associated with sexual behaviour, childbearing and contraceptive use and studies show that educated women are more likely to postpone pregnancy. University students commonly use reliable contraceptive methods and they use emergency contraception when...

## Reviews

*This pdf may be worth getting. It is actually written in straightforward words and not difficult to understand. You will not feel monotony at any moment of your respective time (that's what catalogs are for about should you request me).*
